

## HD0002 “There was a CSIONet Web Services Signin Failure”

This error alerts the user that the CSIONet “user ID” and/or “password” is wrong.

- 1) Select **Start, All Programs, MASTERCAM BrokerEDIPC E-Mail-EDI Engine .NET** program folder and then select the **2 - Settings – Main** program-item.
- 2) Specify the correct values in the “User ID:” and “Password:” text boxes, as shown below and click the OK button.
